**Evaluations tab:**

1. It will show you the evaluations for each student that are:
   a. Due – see due date in right column- click on the link to open & complete
   b. Completed – highlighted in green
   c. Past due – highlighted in yellow

2. The evaluations are grouped by “Calendar”. Each calendar represents a group of students based on the rotation type (IPPE vs APPE), their academic level, (ie. 3rd year Pharm D) and graduation year (Class of 2011).

The evaluations will look similar to the ones used previously, will be set up with a 4 point rubric, have radio buttons, a place to type comments, will calculate the grade, allow you to preview the grade and will submit the grade directly to OEE.
Sample view of RMS evaluation

While working on an evaluation, RMS will auto save the evaluation every 15 minutes and log you out after 120 minutes of inactivity.

You may select “Save, Preview Grade and Finish Later”:
If you are unable to complete the evaluation in one session this will save your work.

This will also allow you to see & review the calculated numeric score. You may make any adjustments to the score PRIOR to submitting.
Once the evaluation is complete click “Submit Form” to submit the grade to OEE

✓ Once you submit the form the grade is viewable by OEE staff only.
✓ We ask that you review and discuss the final evaluation form and grade with the student on the last day of their rotation.
✓ The students will not see their final grade until it is posted online by the Registrar.

If needed, the OEE staff can “unsubmit” a submitted evaluation form and allow you to make adjustments and then re-submit. Please call or email Kathy Price or Amy Lullo if you need assistance with any evaluation form.
Rotations section: (further down the page) shows the students assigned to you for each calendar and block. This section is also separated into subsections by calendar/student type.

Clicking on the student's name will open the “View Student’s Details” box- see the screen shot below. This provides student contact information. The student’s cell phone will also be listed if they have provided it. You will also see a photo for each student and have access to the student’s resume and/or CV.
**Availability tab:** shows the rotation spots you provided for each rotation calendar and the open spots remaining. Updates to availability may only be made by OEE staff.
