MWU PGY1 Program Residency Project Examples

The resident may choose any project that matches his/her interests. The following are examples of projects from previous residents.

2011-2012
Loren-Ashley Cooper
- Assessing the application of cultural competence training during advanced pharmacy practice experiences

Maggie Gandera
- A case-controlled study to evaluate patient self-home monitoring (PSM) compared to in-clinic monitoring (ACC) within an anticoagulation service

Pearl Stier
- Student perception and satisfaction with the implementation of team-based learning in a landmark trials elective course

2010-2011
Regina Arellano
- Assessing the frequency and characteristics of outpatients who maintain stable INR control

Kori Kallenborn
- A clinical pharmacist’s contribution to a nurse-practitioner post-discharge clinic

Tiffany Scott-Horton
- Increasing utilization and understanding of medication lists based on patient preferences

2009-2010
Erika Hellenbart
- Effect of pharmacist discharge medication counseling on 30-day readmission rates in heart failure

Michele Meade
- Effect of health disparities on workload in pharmacist-managed anticoagulation clinics

2008-2009
Kelly Lyons (Lempicki)
- Differences in clinical outcomes between young and old elderly patients taking warfarin
- Received the ASHP Residency Grant and presented at a platform session at the ASHP Meeting in December 2010.

Christie Schumacher
- Development of a Pharmacist-managed Diabetes Care Clinic in an Urban Community Health Center

2007-2008
Sean Mirk
- Student Perception of Wiki in an Elective Course

Kate Schemmel
- The Rate of Primary Prevention for Osteoporosis in Long-Term Glucocorticoid Use: A Retrospective Chart Analysis

2006-2007
Jacqueline Klootwyk
- The Impact of a Pharmacist-managed Spironolactone Laboratory Protocol on the Rates of Laboratory Monitoring and Hyperkalemia: A Pre- and Post Intervention Study
  - Received the ACCP Ambulatory Care PRN Pilot Grant
2005-2006
Sumer Ashker
  o Pharmacy Resident Attitudes Toward Pharmaceutical Promotion
  o Ashker SA, Burkiewicz JS. Pharmacy residents’ attitudes toward pharmaceutical industry promotion. Am J Health-Syst Pharm. 2007;64:1724-1731.

Nadine Halawa
  o Pharmacy Student Knowledge, Attitudes, Level of Preparedness, and Skill Towards Addressing Patients of Diverse Culture In Clinical Practice

2004-2005
Kathy Fit (Komperda)
  o Evaluation of Medication Safety Interventions Documented by Pharmacist in Ambulatory Care

Rosalyn Padiyara
  o Fourth Professional Year Pharmacy Students in the Ambulatory Care Setting: Patient Perceptions and Satisfaction

Suzanne Rabi
  o Behind Academic Dishonesty in Pharmacy School: Exploring Characteristics, Prevalence, Attitudes and Perceptions
