Welch Scholars Grant

Description

This grant was established in 2001 to provide monetary aid to students in need at each college of osteopathic medicine. In October 2002, the grant was renamed the Welch Scholars Grant in honor of Sterling Welch, DO, for his outstanding generosity to the AOF and his desire to support osteopathic medical students. The Welch Scholars Grant provides monetary support to help defer costs during a student's osteopathic medical education. The recipients are chosen because of their outstanding academic achievement, participation in extracurricular activities, strong commitment toward osteopathic medicine and financial need. The goal of this scholarship is to promote education within the osteopathic profession.
