Licensure

Outcome	2016-2026
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	197
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	173
Licensure percentage	88%

Notes:

1. Percentages are based upon known license status as of 9/28/26.
2. Students apply for licensure at different points after graduation. Many complete a 1-2 year post-doctoral fellowship or other supervised experience before applying for licensure. Students on the neuropsychology track are required to complete a two-year postdoctoral fellowship for board certification and many wait until completion of their fellowship to pursue licensure.
3. Some graduates work in professional positions that do not require a license.
