Glendale, Arizona Campus:

Fueling Economic Growth

Midwestern University cultivates a highly educated workforce, drives the creation of quality jobs, provides essential healthcare to the community, attracts new visitors to the region, and contributes millions of dollars to the local economy each year.

The 171-acre campus in Glendale Campus includes classroom facilities, laboratories, apartment-style housing and outpatient clinics for dental, eye, and family medicine, a Therapy Institute, and an Animal Health Institute that includes a Companion Animal Clinic, Equine and Bovine Center, and the diagnostic pathology lab. An off-campus Comprehensive Care Clinic offers healthcare services in central Phoenix. The University also has a prominent campus in Downers Grove, IL, expanding its reach and impact.

367 Faculty

actively teach, conduct research, and mentor their future colleagues

17,231 Glendale Campus Alumni

are working in leading hospitals, pharmacies, private practices, governmental agencies, academic institutions, and healthcare facilities nationwide and in the Metro Phoenix area

623 Professional Staff

are employed to support the academic mission of the University

3,794 Students

students enrolled on the Glendale Campus who contribute to the local economy

Statistical information: Economic Impacts of Midwestern University Glendale Campus on Maricopa County; Applied Economics, 2024.

Economic Impact:

As a key economic driver in the region, Midwestern University plays a crucial role in the economic vitality of the City of Glendale, Maricopa County, and the State of Arizona.

In 2024, the University commissioned a comprehensive, independent analysis by Applied Economics, a specialized economics consulting firm, to determine its current and ongoing financial impact.

\$767 Million Overall Impact

In 2023/24, Midwestern University generated a total economic impact of \$767 million in Maricopa County, driven by University operations, local vendor purchases, spending by employees and students, and campus visitors.

Student Spending: \$172.5 Million

Student spending generated significant local demand, supporting 698 jobs and \$41.2 million in labor income at local businesses, contributing to an annual economic impact of \$172.5 million.

990 Direct Jobs and \$121.9 Million Payroll

Employment at Midwestern has increased by 37 percent over the past five years. The University employs 990 full- and part-time faculty and staff with a total annual payroll of \$121.9 million, providing quality, well-paying jobs for Arizona residents. An estimated 99 percent of the employees live in Maricopa County.

Glendale, Maricopa County, and the State of Arizona

\$75.9 Million in Local Vendor Spending and 455 Jobs Supported

The University and its clinics strengthen the local economy through strategic purchases of materials, utilities, equipment, furniture, professional services, facility maintenance, food service, office supplies, and other goods and services. In 2023/24, local purchasing totaled \$75.9 million, with \$46.1 million directed to industries that drive local economic impacts. This spending generates an additional \$111.0 million in annual economic impact, supporting an estimated 455 jobs in related supplier businesses and contributing \$36.3 million in local labor income.

\$173.7 Million in Employee Spending and 908 Jobs Supported

The 990 faculty, staff, clinic employees, and residents at Midwestern University, along with employees at supported local vendors, contribute significantly to consumer spending, supporting 908 jobs and providing \$55.5 million in labor income for other local businesses.

Construction Expenditures: \$269.7 Million

From FY24 through FY32, Midwestern University is projected to spend \$269.7 million on current and planned construction projects, which could generate a one-time economic impact of \$521.8 million in Maricopa County, supporting approximately 3,300 jobs and \$234 million in labor income.

\$9.6 Million in University Visitor Spending

Visitors to Midwestern University, including those attending admissions-related events and special University activities, contributed 40,700 visitor days to the local economy. These visitors spent an estimated \$9.6 million on local goods and services such as food, lodging, transportation, retail, and entertainment. This spending resulted in an induced economic impact of \$16.4 million, supporting 109 local jobs and generating \$5.6 million in labor income within the hospitality industry.

State and Local Tax Impacts: \$22.4 Million Midwestern University, as a not-for-profit institution, does not pay local property, sales, or income taxes. However, it generates substantial indirect tax revenues through employee, student, and visitor spending.
